# RENT, LEASE, OR BUY ANY<sup>1</sup> TECHNOLOGY

## FULLY INSTALLED & SERVICED

PACKAGES START  
FROM **\$12.88/WEEK**

## WHAT IS MICRONCARE

MICRONCARE is a simple way for aged care facilities to implement the technologies they need without the technical burden or upfront costs required to do so.

## HOW CAN MICRONCARE ASSIST MY FACILITY

MICRONCARE offers turnkey full service technology solutions for aged care facilities.

This means we not only provide full consultation, design and installation packages for all the technologies we offer, but also provide ongoing certification, maintenance, warranty and repair services.

## HOW DO I QUALIFY FOR MICRONCARE

To qualify for MICRONCARE you must be a registered aged care facility.

After meeting with you and understanding your technology requirements, we will then tailor an all inclusive package for your facility.

Packages include the design, installation, certification and maintenance of all technologies you decide to adopt for your facility or group of facilities.

## CAN I PAY UPFRONT RATHER THAN MONTHLY

YES. We offer a comprehensive range of technology services specifically designed for aged care environments.

Whether you would like to purchase a package upfront, pay partially to reduce monthly outlay, or would prefer to lease and regularly upgrade technology, the choice is yours.

<sup>1</sup>Technology must be available in the Micron Group product catalogue. Special order items will be considered but are subject to approval.

## MICRONCARE PACKAGES

With MICRONCARE you are not restricted to a particular technology or manufacturer. We have an enormous range of technology partners, and can even work with your preferred vendors to custom tailor packages for your facility.

Packages can comprise of a single item (i.e. new CCTV system for the facility) or several items i.e. CCTV system, nurse call system and emergency generator for the facility.

## TECHNOLOGIES OFFERED BY MICRONCARE

MICRONCARE offers a comprehensive range of technologies specifically designed for aged care applications.

Services range from patient monitoring systems, independent living and access control systems, CCTV and security systems, facility wide audio visual systems to facility backup power generators and UPS systems.

# A NEW, AFFORDABLE, AND BOURDON FREE WAY FOR FACILITIES TO DEPLOY TECHNOLOGY QUICKLY & EFFICIENTLY

## WHY ARE FACILITIES TURNING TO MICRONCARE

### EXCEPTIONAL DELIVERY

We are experts in the design, implementation and maintenance of aged care technology. We handle every facet of procurement, delivery and installation. We communicate regularly with stakeholders and go to extreme lengths to ensure residents are treated with the utmost of respect

### FANTASTIC STAFF

Our employees are highly respectful, trustworthy, approachable and experts at delivering aged care technologies. All employees are experienced in aged care environments and hold current police clearances.

### TAX BENEFITS

With the exception of not-for profits, MICRONCARE lease or rental payments are fully tax deductible.

### SPEED TO MARKET

Where many facilities may not have the financial or technical resources to capitalise on new technologies, MICRONCARE can work quickly to deploy required technologies in an disciplined, skilful manner with absolutely ZERO upfront costs.

### TECHNOLOGY THAT'S ALWAYS NEW

Many aged care facilities invest in large capital projects only to have to re-invest in the same projects several years after their initial investment.

With MICRONCARE depending on the plan you choose, we will upgrade your technology at the end of your agreement at little or no additional cost to your regular commitment.

### BRILLIANT SERVICE

We is an industry leader with multiple accreditations for excellence from our peers and industry bodies. Delivering client focused solutions at the highest possible level of quality & service is intrinsic to who we are.

Evaluated across the categories of Quality, Customer Service, Financials, Risk, Management Strategy and Innovation, we scored an unprecedented 99/100 on a recent independent review
